Submitted to ExCom on December 27th 2014

SWOT and Strategic Plan 2015-2020

- Well-balanced document, based on EAEVE's long standing expertise, CIQA strongly welcomes this strategic plan
 - Minor suggestions for amendments aiming to its presentation, not to the concept presented
-

ENQA membership 1

- CIQA supports the idea of EA EVE membership in ENQA. In the long-term perspective of EA EVE, the legal and political position of the ESEVT will be stronger within the frame ENQA.
 - It is feasible to achieve full ENQA membership. Feedbacks and suggestions provided by the ENQA ER should be fully explored.
-

ENQA membership 2

- CIQA supports the idea of merging Stage 1 and Stage 2 into a single system. This would allow to put emphasis of QA issues related to veterinary profession.
 - It is not realistic to expect that all improvements and changes necessary for a successful re-application can be implemented earlier than in 2-3 years.
 - CIQA is prepared to assist the President and ExCom in their task to obtain full ENQA membership status for EAEVE.
-

CIQA and EAEVE activities 1

- Post-visit questionnaires & improvement of the evaluation feedback, procedure of using the feedback questionnaires for QA purposes
 - Procedure for nomination of visiting teams & composition visiting teams
 - Minimum list of requirements for expert nomination and list of visiting experts
-

CIQA and EAEVE activities 2

- New guidelines/rules and indicators
 - ESEVT Ratios/Indicators
 - e-learning for experts
-

“Regular” CIQA activities

- A model sheet for EAEVE documents
 - Updating the list of Major Deficiencies
 - Composition of evaluation teams
 - Evaluation of feedback questionnaires
 - AOB
