

ESTABLISHMENTS' STATUS

The following categories are listed:

- **Visited and approved establishments (full members):** Establishments found to meet the requirements of the EU Veterinary Training Directives, as interpreted in the EAEVE “Guidelines, requirements and main indicators” section of the “Standard Operating Procedures” document; *in parentheses, year of the visit - year until approval is valid, that is when the next visitation should take place.*
- **Visited and accredited establishments (full members):** Establishments found to meet the requirements of both stage I and stage II evaluations; *in parenthesis, year of accreditation - year until accreditation is valid, that is when the next stage I and II visitation should take place*
- **Visited and conditionally approved establishments (full members):** Establishments found to have 1 or 2 closely linked Category 1 Deficiencies; in this case ECOVE can judge whether these are likely to be able to be resolved within a period agreed between the Establishment and ECOVE, normally 2 or 3 years, and, if the judgment is positive, can assign “Conditional Approval”. The judgment of “Approval” or “Non-Approval” must fall within 5 years of the original Evaluation Visit.; *in parentheses year when conditional approval was granted – year when conditional approval would convert into non-approved, if not revisited successfully*
- **Visited and not approved establishments (full members)** *in parentheses year visited.*
- **With pending visitation:** establishments that have arranged a date for visitation or re-visitation.
- **Not visited establishments (associate, non-voting members):** establishments which have hitherto not applied for visitation.
- **EU – veterinary schools not having applied for membership and not having been visited (under construction)**
