

Report of the Committee for Internal Quality Assurance

General Assembly of the European Association of Establishments for Veterinary
Education (EAEVE)

Zagreb, 2019

The Committee for Internal Quality Assurance (CIQA) is a standing committee of the European Association of Establishments for Veterinary Education (EAEVE). The activities of CIQA are defined in the “CIQA Rules of Operation”:

“The mission of the EAEVE is to evaluate, promote and further develop the quality and standard of Veterinary Medical Establishments and their teaching within, but not limited to, the member states of the European Union (EU).

The vision of the EAEVE is to be the official accreditation agency of veterinary training in Europe. The evaluation system gives assurance to the public, to the current and future students and to the Veterinary Establishment itself that the veterinary education at the establishment reaches pre-defined quality standards and that appropriate quality assurance (QA) mechanisms are implemented in order to maintain the level of training. Since the internal quality assurance of an accreditation agency is a precondition of trustworthy, reliable and transparent evaluation, EAEVE has a Committee of Internal Quality Assurance (CIQA). The main task of CIQA is checking the procedures of EAEVE from a QA point, giving suggestions for improvement and providing guidance on QA.”

CIQA has been working according to “CIQA Rules of Operation. Since CIQA was created and its members were nominated by the General Assembly (GA), CIQA reports to it every year. The present document summarises CIQA’s work in the recent year.
