

## **The Veterinary Online Collection – a European repository for shared veterinary e-learning materials**

The Veterinary programs in Utrecht, Helsinki and Copenhagen have received funding from Erasmus+ to initiate the Veterinary Online Collection (VOC) repository for shared digital teaching materials. The EU project is coming to an end, but the repository will continue and grow. In this webinar, we will take a moment to look in the future. We will hear exciting talks by experts outside of the project on novel solutions for coping with increased demands on the flexibility of teaching and the decreased access to on-site training with real materials. We will also hear experiences on how to grow and maintain an active professional community like ours.

Date and time: February 14, 2023 at 14:00–15:30 (GMT+1, Central European Time)

The webinar will take place on Zoom.

### **Program**

- Welcome – Willemijn van Os, Utrecht University
- The VOC portal interface – Hans Koeslag, Utrecht University
- Online resources used for veterinary anatomy teaching in Vienna, Austria – Dr. Balazs Gerics, Veterinärmedizinische Universität Wien
- The Virtual Slaughterhouse – Alex Seguino, Programme Director, University of Edinburgh
- Online Communities of Practice based on my experience of the clinical skills group – Sarah Baillie, Professor, University of Bristol
- Discussion: Where do we go from here? – Associate Professor Rikke Langebæk, University of Copenhagen
- Round-up and good-bye – Willemijn van Os

### **Sign-up**

Please sign-up for the webinar at <https://redcap.helsinki.fi/redcap/surveys/?s=XH4T9MHAP7L9DM4E>.

The webinar link will be provided after signing up.
